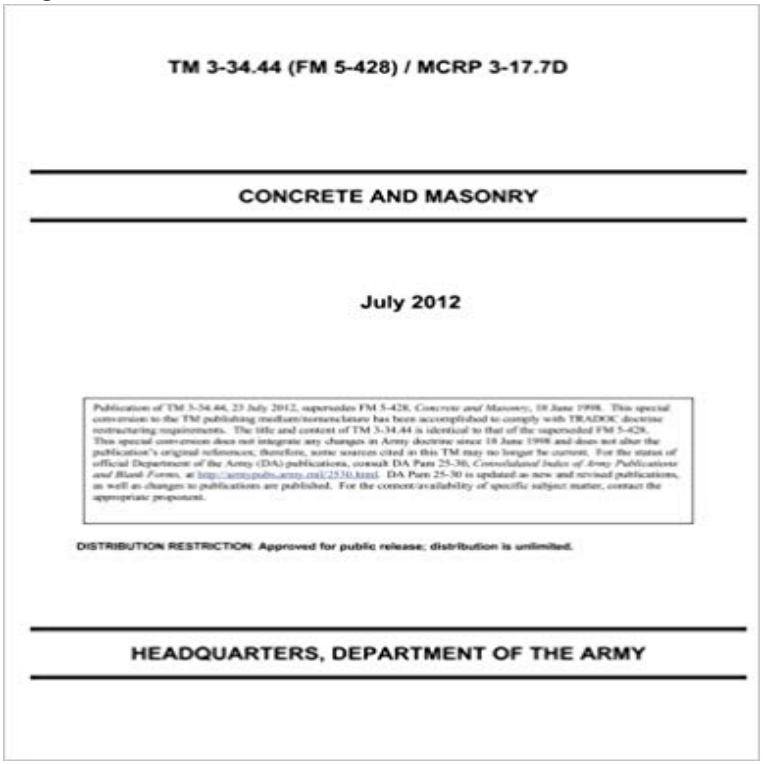
TM 3-34.44 (FM 5-428) / MCRP 3-17.7D Concrete and Masonry July 2012



TM 3-34.44 (FM 5-428) / MCRP 3-17.7D

CONCRETE AND MASONRY

July 2012

Publication of TM 3-34.44, 23 July 2012, supersedes FM 5-428, *Concrete and Masonry*, 18 June 1998. This special conversion to the TM publishing medium/nomenclature has been accomplished to comply with TRADOC doctrine restructuring requirements. The title and content of TM 3-34.44 is identical to that of the superseded FM 5-428. This special conversion does not integrate any changes in Army doctrine since 18 June 1998 and does not alter the publication's original references; therefore, some sources cited in this TM may no longer be current. For the status of official Department of the Army (DA) publications, consult DA Pam 25-30, *Consolidated Index of Army Publications and Blank Forms*, at http://armypubs.army.mil/2530.html. DA Pam 25-30 is updated as new and revised publications, as well as changes to publications are published. For the content/availability of specific subject matter, contact the appropriate proponent.

DISTRIBUTION RESTRICTION: Approved for public release; distribution is unlimited.

HEADQUARTERS, DEPARTMENT OF THE ARMY

TM 3-34.44 is primarily a training guide and reference text for engineer personnel using concrete and masonry materials in field construction. The manual has two parts: Concrete (Part One) and Masonry (Part Two). Part One covers the physical characteristics, properties, and ingredients of concrete; mixtures, design and construction of forms; and with reinforced concrete and field construction procedures. Part Two addresses the masons tools and equipment as well as the physical characteristics and properties of concrete blocks, bricks, and structural clay tiles. It further explains construction procedures and methods for these masonry units. Appendix A contains an English to metric measurement conversion chart. The proponent of this publication is HQ TRADOC.
