Description:When 25 year old Michelle Stein is convicted of computer hacking, she is reprimanded to an all women facility to serve her term. Prison can be a frightful place, she's heard the stories, but her cellmate, a woman known as Big K, seeks to acclimate her to the system. Fear-gripped, will Michelle slip easily into the system's fold or will the women of Blackburn Correctional Facility make those horrible stories become reality?Excerpt: I didn't know what to do. Then she released her grip on my hair and simply told me to eat her pussy. It was my choice now, but she urged me to get used to it now because it was something I would be doing plenty of times in the future. I was trembling. Her soft pubes caressed my face, and her pussy brushed against my lips as she moved her hips gently, urging me on.I did. When my tongue pierced her pussy, and I tasted her juices on my lips, I went into a frenzy. My fear had turned into want, though some of it still lingered in the back of my mind. What if I decided not to eat her out, to satisfy her carnal cravings? What then? Would she beat me into submission or simply force me to fuck her until she was content?
