

Perspectives on Post-Christendom Spiritualities: Reflections on New Religious Movements and Western Spiritualities

There is here a wealth of information and careful analysis which will enable better understanding of an often confusing subject. The concern throughout is to understand the [new spiritualities], not to castigate or ridicule. The contributors write from a desire that followers of the new religious movements would come to faith in Jesus Christ. Responsible scholarship about new religious movements need not be incompatible with missiological objectives. To the contrary, as the essays which follow demonstrate, the latter actually depends upon the former. - Harold A. Netland, professor of philosophy of religion and intercultural studies, Trinity Evangelical Divinity School
