

True Crime: Cannibal Killers Volume 2: 18 Horrific True Murder Cases (True Crime Cases)

The Shocking True Crime Stories of 18 Horrific Cannibal Killers Of all the horrendous deeds that man visits upon his fellow man, none repulses us quite as much as the act of murdering someone and then eating their flesh. In this volume, bestselling true crime author, Robert Keller, examines 18 such stories, some featuring infamous cases, others involving killers you might not have heard of before. You may, for example, have read about the repellent exploits of serial killers Andrei Chikatilo and Fritz Haarman, but have you heard of Otty Sanchez: The quite horrendous story of a mother who killed and cannibalized her three-week-old baby, or Luka Magnotta: A Canadian porn star who killed a man and ate parts of his body on camera, then mailed other body parts to political party offices and schools, or Jose Luis Calva Zepeda: Mexican cannibal who had a nasty habit of cooking and eating his girlfriends, or Albert Fentress: A New York school teacher who killed one of his students, then cooked and ate his penis, or Mark Sappington: Known as the Kansas City Vampire, Sappington murdered four of his friends then ate their flesh and drank their blood, or Joachim Kroll: Depraved German serial killer who preyed on children and was arrested while cooking a stew that included a little girl's hand. This book contains all of these horrific true crime stories and 12 more, plus a bonus article, Cannibalism Through The Ages. Warning: This is not for the fainthearted!
