

Cotton Pickin Cowboy (The Homespun Collection)

Christian Historical Romance NOVELLA
The Homespun Collection West Texas,
October, 1898 Practically on the shelf... At
the ripe old age of twenty-six, Sarah
Dawson knows she cant be picky when it
comes to marriage. After all, shes rather
plain and boring. Even her betrothed thinks
her best attribute is her cooking. A lonely
cowboy... Rancher Austin Kendrick thinks
every man Sarah ever met needs spectacles.
To him, shes beautiful, kind, and loving and
the answer to his prayers. But Sarah has
been raised to honor her commitments
above all else, even if it means marrying a
man she doesnt love. Can Austin persuade
her to follow her heart instead? Authors
note: The three books in The Homespun
Collection were previously published in
Berkley Diamonds Homespun line years
ago. Though each originally had a light
faith thread (as much as I could get away
with at the time), Ive rewritten them a bit
to strengthen that element. Each book stands
alone.
